Chapter 1: How You Approach Life and How You Appear To Others

Libra Rising:

You are a natural diplomat, reasonable, tolerant, fair, always willing to listen to varying viewpoints, and ready to see the other side of an issue. Even if you strongly disagree with someone, you will try to find points of similarity and agreement rather than emphasizing the differences. You often avoid taking an extreme or one-sided stance on anything. You have a strong desire for harmonious and pleasant relationships, and express a spirit of cooperation, compromise, friendship, and fairness. You very much want to be liked and because of your need for approval and acceptance, you are easily influenced by others' opinions, especially when young. You so much want to please that often you will suppress your own intense or unpleasant feelings in order not to offend others. Sometimes your politeness is interpreted as phoniness or wishy-washiness.

Your need to create harmony extends to your physical environment and personal appearance as well. You appreciate beauty and have a natural sense of balance, symmetry, and proportion. You do everything in good taste, with a sense of style and art. From your home furnishings to your choice of clothing, everything must be aesthetically appealing, not simply functional or utilitarian.

You also feel that relationships are an art, one that especially interests you and one that you are usually quite skilled at, for you possess tact and acute awareness of other people. Marriage is very significant to you and finding the right person to share your life with is extremely important. Being part of a close couple seems natural to you - you are not an independent loner. Having a partner increases your self-confidence. You do have a tendency, however, to become overly dependent on your partner and perhaps not to develop a clearly defined identity outside of the relationship. Finding the balance between being yourself and blending and uniting with another is a challenge for you.

Others see you as an agreeable, smooth, harmonious, and "nice" person. Though there may be much more to you, this is the sort of face you show to the world. You possess personal charm and an understated, noncombative manner. Your motto could be "you catch more flies with honey than with vinegar" for you usually take a friendly, cooperative approach rather than a strong, forceful, I'm-going-to-conquer-the-world attitude.

Chapter 2: The Inner You: Your Real Motivation

Sun in Pisces:

At heart you are very gentle, impressionable, and receptive - a dreamer. The world of your imagination, feelings, and intuition is as real to you as anything in the outer world, though you may have trouble verbalizing or interpreting your inner experiences in a way others can understand. Mystical, artistic, musical, emotional and imaginative, you have a rich inner life, though you may seem rather unobtrusive and quiet outwardly. You usually keep to yourself.

You have great sensitivity and empathy with others, and you often sense things psychically or intuitively which prove to be correct. You are tolerant, forgiving, and nonjudgmental, accepting people unconditionally regardless of their flaws, mistakes, or outward appearance. You have deep compassion for the suffering of any fellow creature and often feel others' pain as if it were your own. You sympathize with the needy, the disadvantaged, the misfits of society. You are capable of giving selflessly, living a life of devoted and compassionate service to others, as a healer, physician, social worker, or minister. However, you tend to give indiscriminately, to let others take advantage of your kindness, and to encourage the weak to remain so by becoming dependent upon you. You have little sense of boundaries, of limits, of knowing when to say "no". Moderation and self-discipline are not your strong points.

You are a lover and a peace-maker rather than a fighter, and you try to avoid open conflict. You will patiently ignore or "tune out" problems and hope they will go away by themselves, rather than directly confronting them, and you tend to lack the positive fighting spirit that is sometimes necessary to overcome challenges. You are fluid, open, nonresistant, and somewhat passive. You do things in a subtle, often covert, manner.

Your gifts may also lie in the realm of the creative, artistic, or musical, for you have a great sensitivity, inspiration, and limitless imagination. You respond very strongly to beauty and to love.

Your faults include a tendency to be lazy and negligent, and to wallow in self-pity rather than taking strong, definite action to change your life for the better. You also tend to become so detached from your immediate environment that you live in a disorderly, chaotic sort of hodgepodge, though this probably bothers those around you more than it bothers you.

Sun in 6th house:

Your energies are directed to either perfecting your techniques, skills, and abilities in work, or in "perfecting", refining, and improving yourself as a person. Critical analysis

and attention to minute detail are intrinsic in either process. The urge to bring about a state of wholeness or optimal functioning is a strong motivation of yours, and you are quite a perfectionist!

You can easily become overly identified or involved with the function you perform, with your work, or with your own health and "growth process".

Sun Trine Uranus:

The unusual and unorthodox appeal to you, and you do not allow tradition, convention, or other people's expectations dictate how you are going to live your life. You crave freedom, adventure, excitement, and discovery, and are not afraid of change. You possess inventive and creative genius.

Chapter 3: Mental Interests and Abilities

Mercury in Pisces:

You are more of a poet than a rational scientist, for your mind does not function in a strictly logical, linear fashion. The language of music, art, or poetry is natural to you, and you are also able to think in highly abstract and symbolic terms. Translating your thoughts and impressions into concrete, everyday language may be difficult for you at times and consequently you may appear less intelligent or at least less quick-witted and verbal than others. This was especially true of you as a child, and you probably daydreamed a good deal also. You are intuitive and are able to sense what others' thoughts and feelings are, even before they say anything to you. You often form an opinion about a person or situation without much factual knowledge of them, and your impressions are usually correct. You can be somewhat absent-minded and you become so immersed in your own thoughts that you overlook things in your immediate, tangible environment. You are extremely open-minded and believe that anything is possible. Intangible or spiritual forces seem just as real to you as anything in the concrete world. Your imagination and your sympathetic understanding of other people are two of your greatest gifts.

Mercury in 5th house:

You enjoy puzzles and other games that challenge you intellectually. You like to show off your verbal or intellectual skills and to use your mind creatively. Writing, dramatic speaking or some other display of your creative intelligence appeals to you.

Mercury Trine Neptune:

You are open and receptive to subjects which defy rational explanation, such as psychic phenomena, mental telepathy, metaphysics, etc., and you could teach these subjects to others. Your mind is imaginative and inspired and you have an aptitude for art and creative writing.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Aquarius:

You are not easily moved by emotional displays and can be curiously detached from your own and others' emotions. It's almost as if you could turn your feelings on and off at will so you should be careful not to leave the switch "off" too often, for you could easily become too impersonal. Family ties and attachments are not as important to you as they are to most people and you often consider your friends closer to you than your blood relatives. Certainly, your sympathy and concern extends much beyond your immediate family. In your personal relationships, you insist upon a certain amount of independence and the freedom to pursue friendships with as many people, of both sexes, as you choose. You do not appreciate a jealous, possessive partner.

You feel comfortable in an atmosphere that is open and experimental, and you have little taste for convention and tradition.

Moon in 4th house:

You have strong attachments to your past, the place where you grew up, your heritage, and family traditions. In fact, you may be unable to step out of the habits and roles you learned as a child. Your tie to your mother is very strong and you also seek mothering and protection from your spouse and other family members as well.

Moon Square Neptune:

You are a dreamer, attracted to the inner, mystical side of life, and may have trouble distinguishing the real from the imagined or illusory. You do not enjoy confrontation and become very evasive when problems in your personal life arise, escaping into your imagination in order to avoid dealing with them directly. You are also rather gullible and naive about people, especially if your sympathy has been aroused. You are very sensitive to music and can use it to bring yourself into emotional balance and harmony.

Venus in Aquarius:

You are open and unconventional in your attitude towards love, romance, and sex. You enjoy socializing, bringing people together, and having many friends of both sexes. You value friendship very highly and are, in fact, more comfortable being a friend than a lover. You desire an intellectual rapport or spiritual bond with your love partner, but deep intimacy and emotional bonding do not come easily to you. The role of

"husband" or "wife" in the traditional sense doesn't appeal to you, and you abhor jealousy and possessiveness since you feel that no person truly "belongs" to another. You appreciate a love partner who will allow you plenty of freedom and is not very emotionally demanding.

Venus in 5th house:

You love romance and wish the honeymoon phase of your love affairs would last forever! You need dramatic romantic gestures and displays of affection from your partner, and you want to feel very, very special, like a King or Queen, to your beloved. You also have an artistic flair and enjoy creating art or beauty in some form.

Venus Square Mars:

You are intensely amorous and attractive to the opposite sex, and are not inclined to friendly platonic relationships. There is much tension in your love life - often because you put your desires ahead of your partner's, and are impatient about having your love needs satisfied. The whole arena of love, romance, and sex is endlessly fascinating for you and you are not happy without a love partner. You can "burn yourself out" by pouring so much of your energy into romance.

Venus Square Saturn:

You are serious and find it difficult to enjoy yourself in a lighthearted, open and playful way with others. You rarely do something purely for pleasure, and can be very close-fisted and parsimonious. Perhaps due to painful separations in your early life, you are very cautious about becoming close to people and sharing your feelings. Though you crave love and affection, intimacy is difficult for you. You may become romantically involved with people who do not value you or treat you well. You need to learn to love and value yourself before you will find happiness in love.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Taurus:

Once you set your mind on a goal, your dedication, determination, and commitment to it are extraordinary. You pursue your ambitions tenaciously and will stubbornly refuse to give up, let go, or be influenced in any way. Like Aesop's tortoise, you labor patiently and steadfastly until you achieve what you want - or until it is clear beyond a shadow of a doubt that all is lost. You are a reliable, consistent, and productive worker, and often shoulder more of the workload than your co-workers, usually without complaint. The nitty-gritty work often falls to you. You prefer a regular routine, with definite hours and clearly defined responsibilities and tasks. In fact, establishing a pattern or routine is very important to your success because once you get started in a certain direction, is easy for you to follow it through to its completion. Getting started is more difficult. You have a lazy, comfort-loving side and there is often a good deal of inertia for you to overcome before you get going. Once you get a momentum going, your energy level is strong and steady.

You are interested in concrete results and solid, practical achievement. You need to have some tangible product or contribution to show for your efforts, and cannot be content with only intangible rewards (such as having a good time, learning, or spiritual enrichment). Material well-being and security is also a large factor in determining what you do. Your stamina and persistence is your great strength but it can also work against you; you can get caught in a rut and refuse to seize new opportunities. You also tend to play it safe, and to limit yourself in that way.

Mars in 8th house:

You meet numerous challenges and possibly defeats in pursuit of your goals and desires, and your setbacks often occur because you've been too rash or intent on working your own will regardless of the impact on others. You are intense and passionate, and simply don't know when to stop sometimes! Recklessness with others can be a problem for you.

Chapter 6: Other Influences

Jupiter in Cancer:

You make others feel accepted and comfortable. You have a knack for breaking down feelings of alienation and you make others feel included and a part of group activities. You have a loving, protective side that wants to take care of everyone. Creating a supportive atmosphere that is nourishing both to yourself and to others is one of your strengths.

Also, your home and heritage are important to you, and you maintain close connections to your past.

Jupiter in 10th house:

Your career or contribution to the world at large is likely to touch many people's lives in a very positive, helpful way. You aim high and have an innate confidence and trust both in your own abilities and in life in general, which enables you to go far. You want to do something BIG with your life, and you attract the support you need to do so, for your aims are not solely for your own personal benefit. You want to give something back to the world, or to improve others' lives as well as your own.

Jupiter Conjunct Uranus:

You are very enthusiastic and high-spirited. You inject a positive, optimistic note into any endeavor, and others enjoy your fun-loving and enterprising attitude.

Jupiter Trine Saturn:

You have a good balance between idealism, optimism, and vision for the future on one hand and a realistic sense of what can actually be achieved on the other hand. Your judgment and business sense are usually quite good. You possess patience and the ability to accept limitation and frustration on the way to your goals.

Older, more experienced individuals or mentors are likely to play a significant and beneficial role in your life.

Saturn in Scorpio:

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.

Saturn in 2nd house:

Your fears revolve around money and material security, and you work very hard to ensure that your assets are solid. You may be very conservative, even stingy, with your money because you are afraid there won't be enough. You may turn this fear around and become very shrewd about investments and financial matters.

Saturn Square Pluto:

Once you decide what you want to do, you will pursue it tenaciously and, if necessary, sacrifice a great deal for your deeply felt convictions. This trait tends to make you feel a little out of step with others. You take things a little more seriously and have an inclination to be a bit of a fanatic, although probably not flamboyantly so, so others may not know how deeply you feel and how driven you are about the things that are important to you. You have a deep inner resolve and are willing to struggle to do the things that are really meaningful to you, rather than follow an easier but less meaningful course in life.

Saturn Trine Uranus:

You have a talent and ability for putting fresh ideas and inspiration into practice. You are ready and willing to utilize new ideas and methods, and you have a knack for gaining acceptance for a new idea and practically implementing it.

Uranus in Cancer:

You are part of a 7 year group of people who have a strong need to feel unrestrained by family ties and personal heritage. Your age group tends to find personal relationships very restrictive, and also tends to feel alienated and distant from family ties and concerns. Forming long-term personal relationships is difficult for your age group, and divorce rates are high in your group. However, you are an emotional and

sensitive group also, and this instability is painful at times. Finding personal freedom and closeness with others at the same time is a big challenge for you.

Uranus in 10th house:

You are likely to have a career that is highly unusual or that somehow challenges the mainstream of society and the status quo. Being an instrument for progressive change in the world is your role, whether in a humble or grand manner. You need to shake things up wherever you are. You also may change careers, life direction, and your long range goals many times in your life.

Uranus Square Neptune:

You were also born during a period that lasted approximately 5 years and is characterized by an unusually high degree of imagination and sensitivity. You are part of a group of people who are very inspired but also unstable. The bizarre and unusual are standard fare among your age group. Your generation also inspires intense political movements that are often fanatical or unreasonable in their goals.

Neptune in Libra:

You are part of a 14 year group of people who have a very idealistic sense of brotherhood and universal cooperation, which, among other things, fostered the peace and freedom movement. Your age group is also interested in the spiritual philosophy and ideals of other cultures, and is not at all dogmatic in its approach to religion. You incorporate the approaches of other religions. Your age group tends to have an eclectic approach to religion, utilizing elements from many religious perspectives (e.g. Eastern and Western), and finds it difficult to follow traditionally defined religious

practices.

A gullibility and an unwillingness to be decisive and judgmental inclines your age group to be easily deceived, and consequently many of the well-intended ideals and goals are frustrated by a lack of clear purpose and direction.

Neptune in 2nd house:

You may have a great deal of confusion over money, financial matters, and ownership. Perhaps these things mean very little to you. Or possibly you simply don't know how to deal with them in a realistic, effective way.

Also, you may make your living through artistic, musical, or highly imaginative endeavors.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Leo:

You are part of a 20 year period that is often referred to as the "ME" generation, a generation that has a very proud and self-reliant attitude. You are a generation that is very concerned with self-development and personal integrity. Women's rights and minority rights are issues that your generation has fostered and they reflect your concern with individual respect, integrity, and honor. Your age group has a deeply felt sense that each person has an equal right and opportunity to fully develop his or her inner potential.

However, your group also finds it difficult to be part of a team and a strong egotism makes group efforts difficult; you tend to see the individual as more important than the group. You also defy authority and often feel that no one has the right to tell you what to do. The strong movement to refuse drafting into the military is one example of your age group's strong sense of individual rights and freedom.

Your age group has popularized the idea of self-development, and has contributed a great deal to the development of individual potential as well as human rights. However, there is also a tendency to be rather self-centered; others may wonder how you can spend so much time developing yourselves and have so little time to contribute to your families!

The interest in personal development also sometimes manifests as a fascination with particular individuals and a great deal of hero worship. Every generation, of course, has lots of idols, but your generation is particularly prone to needing a specific individual to represent and embody an idea or feeling, and to serve as a focal point of interest. Perhaps the most extreme example of this is the concept of the guru that was popularized by your age group.

Pluto in 11th house:

You may have a deep aversion to groups, associations, clubs, or organizations of any kind. Any such group you become involved in is likely to be either for intense personal growth, change, and healing, or centered around social change and revising society in some manner.
