Your Soul Number is NINE.

You are a very loving person whose compassion and concern is not limited only to your own family and personal circle. Kind and generous in your sympathies, you are motivated to a large degree by humanitarian ideals, altruism, and a desire to make the world a better place.

Translating your charitable impulses into some definite, concrete expression is one of your greatest challenges. You are sensitive, gentle, and impressionable (especially in early years), and you may lack the drive to bring your dreams down to earth. However, aggressive ambition is not your path to success. If you learn to have confidence in yourself and maintain a positive attitude, you will do much good and enjoy true success.

You have a strong desire to travel widely. Broad and tolerant in your viewpoints, you dislike narrow thinking and prejudice, and you get along well with many different types of people.

Love is very important to you. You have a romantic heart and are idealistic about people. Because you are so loving you will attract love into your life, but you will also discover that not everyone loves as freely as you do. You don't want to be possessed. You are an artistic, intuitive person with a gift for working with color and abstract ideas.

Your Personality Number is SEVEN.

Quiet elegance, poise and refinement characterize your outward appearance. You seem stately, reserved, and aloof, with a dignified bearing that bids others to stay at a respectful distance.

You are hard to get to know and meet, and there is an aura of depth, secrecy, and mystery about you. You keep much to yourself. You may give the impression of being a loner for you seem self-sufficient, and you keep your own counsel.

Actually, you are quite sensitive and shy, and have difficulty communicating in a free and friendly manner. Though gracious and always displaying impeccable manners, there is often a formal or restrained quality about your interactions with others.

Frequently you will simply observe and analyze what is going on around you, and say nothing. When you do voice an opinion, others listen and respect what you say.

Very often you are happiest by yourself, reading or enjoying nature. Being near the ocean is especially satisfying and rejuvenating for you. In clothing, you prefer classic or simple lines, and avoid bright, loud colors.

Your Destiny Number is SEVEN.

Your destiny requires you to be a seeker of deeper truths and to separate yourself in some way from everyday, mundane concerns so that you may concentrate on understanding the underlying causes and deeper meanings, the hidden side of life. Studious, introspective, analytical, and deep, you are drawn to the study of psychology, philosophy, religion and metaphysics, or to scientific investigation. You are thoughtful, intuitive, and insightful, and have much to offer people who ask serious questions and are seeking wisdom, but you have no taste for superficial interactions and light sociability. Sensitive, discriminating, and something of a perfectionist, you choose carefully who you associate with and how you spend your time. Periods of solitude for quiet reflection, meditation, or study are very necessary for you. You are also inclined to be gloomy at times and find retreating to nature, especially to the ocean, will restore your spirits.

Your Career Number is FOUR.

You are suited for activities requiring discipline, endurance, punctuality, precision, accuracy, mastery of detail, logic, organization, order, a systematic approach.

Careers and Vocations: Engineer, mechanic, draftsman, architect, builder, carpenter, mason, contractor, dealer in furniture, coal, brick, building materials, hardware, manufacturer, technician or technical writer, computer analyst or programmer, army officer, actuary, accountant, trainer, manager, government work or civil service, librarian, office manager.

Your Missing Number(s) are:

EIGHT: You lack business sense and may have little interest or ambition for material achievements and success. You can be very impractical and naive about finances, investments, legal procedures, and the ways of the world, thereby making foolish decisions. Try to develop an interest and an education in these matters to prevent regrettable and costly mistakes of judgment in your finances. You need to learn to manage time and resources more efficiently.

You disdain commercialism and don't understand its value. Therefore you are unlikely to be able to sell either products or ideas to others, which in turn may prevent you from sharing your creative efforts with a wide audience.

Your First Vowel is I.

Your instinctive response to any situation is INTUITIVE DISCRIMINATION. You act according to your intuitive sense of a situation, and may seem entirely illogical and impervious to rational argument. You are sensitive and intelligent, with the ability to perceive and understand subtleties and complex issues.

You are sympathetic, idealistic, and have a strong humanitarian impulse. You can be overly subjective, overly sensitive and emotional. You avoid confrontation as much as possible, and are sensitive to criticism and rejection.

You are also inspired intellectually or artistically and require a supportive atmosphere in which to develop these gifts.

Your First Initial is C.

Friendly, gregarious, sociable, and communicative, you bring a cheerful attitude and a light touch to whatever you do. You are gifted with the ability to express yourself clearly, openly and easily, and you love to exchange ideas and impressions with others. You could be an excellent teacher or salesperson; negatively, your "gift for gab" could make you a tattle-tale and a gossip. It is hard for you to keep things to yourself!

You have numerous interests and tend to scatter your energy and attention into too many directions at once. You may need to overcome carelessness and learn to use your time and energy efficiently. You have a gift for creative self-expression and speaking, singing, writing, or the performing arts are your cup of tea.
